Senior Statistician
Adelphi Research

📍 Doylestown, PA

- Design, build, and improve modeling methods and tools for branded solutions, including re-imagining excel tools to R shiny apps.
- Advise teams through the research lifecycle in design, analysis, and reporting of actionable insights.
- Develop an internal R package to streamline routine operations and analyses.
- Co-lead an internal R Learning Community across the US and UK to establish an extended analytics team with competencies in data wrangling, visualization, and regression analysis.

2015
|
2012

- **Lecturer and Director of Undergraduate Studies, Institute for Quantitative Theory and Methods**
Emory University 📍 Atlanta, GA
 - Developed and instructed a pilot college-wide introductory statistics course; expanded enrollment from 400 to 1,000+ students annually.
 - Mentored and managed 16 teaching assistants per semester in R programming, teaching techniques, and statistical content.
 - Invited speaker to various departments for expertise in teaching technologies, including classroom capture, personal response systems, and learning management systems.
 - Collaborated with faculty in the biological and social sciences to analyze data, synthesize results, and write manuscripts.

2010
|
2007

- **Statistician**
Centers for Disease Control and Prevention 📍 Atlanta, GA
 - Co-authored nine interdisciplinary journal articles in the areas of national malaria reporting systems, lymphatic filariasis, entomologic monitoring, and other vector-borne diseases.
 - Translated complex data for scientific audiences, creating compelling supporting data visualizations, tables of results, and written explanations.
 - Fostered robust collaboration in dispersed and traditional work environments, providing statistical support and programming assistance online and on-site to field staff in Kenya and Guatemala.
 - Developed novel methods for study design in the absence of an existing protocol, including corrections for uncertainty in group membership, leading to published results and shareable SAS macros.
